EXPERIENCE

Senior Business Control Specialist

2020 – Present

Bank of America

(2016 – Present) Richmond, VA

Perform QA analysis for several operations teams on the private side of the bank. Query databases to create a compilation of actioned items to review for our team's weekly assignments. Serve as a point of contact for operations managers to ensure QA errors and updates are communicated across both organizations. Create tools that help automate/streamline data collection and management to increase team efficiency and error mitigation.

Key Accomplishments & assignments:

- Actualized a tool that removed several manual tasks to reduce a 30-minute process down to 2 minutes.
- Appointed to manage all bank-mandated metrics, both, for our team and the teams we review.
- Revised and amended training documents to ensure comprehensible language and more concise instructions.

EDUCATION

Bootcamp Certificate: University of Richmond, Richmond, VA (2020)

A 24-week intensive program focused on gaining technical programming skills

Bachelor of Science in Chemistry: University of Virginia, Charlottesville, VA (2013)
